## MADDOCK THE MAN READY, SAY THE SAINTS.

### FOR U. OF COACH

Advisory Committee and Athletic Council Hold a Joint Meeting and Unite on the Michigan Man.

At a joint meeting of the advisory committee and the athletic council of the University, which was held yesterday afternoon, Joseph H. Maddock of the University of Michigan was selected unanimously to fill the position of coach at the University, recently made vacant by the resignation of Mr. Holmes. A number of other prominent candidates were considered, but the consensus of opinion was that Maddock was pre-eminently the man for the place.

A letter of application was received from Maddock some time ago, to which President Kingsbury replied by asking him to immediately forward his terms. The letter stating these terms arrived yesterday morning and the result was the afternoon meeting.

The first application considered was that of Willis S. Klenholz, who is at present physical instructor at Lombard College, Illinois. He has made a splendid record there and his work, according to a letter from Coach Stagg of Chicago, has been the highest order. Klenholz graduated in 1900 from Minnesota, where he made a splendid record as a long-distance runner, basketball player and football man. Williams, the present coach at Minnesota, gives him a splendid recommendation and says that he will run good any place and under any conditions.

Letters of recommendation from football men prominent all over the country were then read upon the employment of Coach Warner, who is now at Cornell. He is a brother of Warner, the famous coach of the Cornell football team, which passed through here last year. It was pointed out that there had been a different kind of luck in carrying on his work at Cornell. During the past season he met with a number of miserable defeats.

Letters favoring the application of Kingsbury, a University of Colorado man, were also read. He is an athlete of considerable ability and the local boys spoke very highly of him after returning home from their Boulder trip last fall. A number of other less important applications were quickly disposed of and then the committee turned their attention to the application of Maddock. His recommendations were very numerous and all of the highest character. The principal one was from Coach Yost, which reads as follows:

"Such men as Maddock are scarce. He is a fine all-around athlete, the star tackle of the West and one of the best players in the history of the game. He is a natural leader and I know of no better man. He can play any place on the football team, and is good as a basketball player and wrestler. He is also a good gymnasium instructor, but you can find out more about this by talking to him. Inquiring of Mr. Fitzpatrick, who looks after that work. In addition to possessing these qualities he is very popular; his moral and religious character is of the best. Let me assure you that you will make no mistake in employing him. The fact that he has been taught by Yost and is also very highly recommended by him had much to do in influencing the action of the committee. That other besides Yost speak highly of him is evidence from the following which is taken from the eminent football criticism of Carl Green:

"Maddock was the All Western star tackle of last season and has proven himself more versatile than ever this year. No team has been able to get past him. He is a natural leader and I know of no better man. He can play any place on the football team, and is good as a basketball player and wrestler. He is also a good gymnasium instructor, but you can find out more about this by talking to him. Inquiring of Mr. Fitzpatrick, who looks after that work. In addition to possessing these qualities he is very popular; his moral and religious character is of the best. Let me assure you that you will make no mistake in employing him. The fact that he has been taught by Yost and is also very highly recommended by him had much to do in influencing the action of the committee. That other besides Yost speak highly of him is evidence from the following which is taken from the eminent football criticism of Carl Green:

After the adjournment of the meeting, President Kingsbury immediately wired Maddock to the effect that his terms had been satisfactory and that he was to be the coach of the University of Utah. Maddock will not enter upon the duties of his new office until next fall. He will have charge of and coach all the teams that may be organized at the University for the purpose of competing in any athletic contests. In this work he will be assisted by the advisory board. There is no reason to believe that a regular trader whose work will be to simply look after the health and physical condition of the boys will be employed. Maddock more time to drill the boys in the field and put them to most of Yost's whirling dervish play. He practically agreed that it is too much work for one man to both coach and tend to his men in the gymnasium.

Maddock will not graduate from Michigan until June. He is at present coaching the shot-putters at that institution, and, according to Yost, is meeting with great success. He is to get a salary of \$1200 from the University of Utah.

After the meeting Dr. Kingsbury said: "The consideration of the University of Utah came up today, after the number of applications had been received by me. It was the unanimous opinion of the athletic council and advisory committee of citizens on University athletics, consisting of Messrs. Callahan, Eaton, Channing, Anderson, Dr. Kingsbury, and the University employ Joseph H. Maddock of the University of Michigan. The committee consists of gentlemen who have been invited by me to assist the athletic council in promoting athletics at the University of Utah, and it is understood by me that the kind of the members of this committee will be on the grounds frequently to assist the coach, both in football and track work. I desire to state that the kind of response met by me from these gentlemen is appreciated by the Regents, myself and the college students."

**Sporting Notes.**  
J. N. Sharp of Salt Lake City was elected a member of the board of control at the annual convention in New York yesterday of the National Cycling association. The other members elected to the board were: R. F. Kelley, chairman; F. W. Wondolowski, S. E. Ferguson, C. W. Ross, Klosterman, Harry Harty, C. W. Carpenter and Frank L. Kramer.

In the billiard contest at Kramer's between John Davis and De Vore, Davis won the second round last night by defeating the same score as on the first night—10 to 8.

It is practically settled that Boise will open the league baseball season in Salt Lake April 25th, with Butte opening in Spokane. Spokane has their game at Salt Lake before striking Butte and Boise.

In the pool contest between Walsh and Scheffner the score last night was 117 to 87 in favor of Walsh.

Bad debts recorded with us are saved. The records won't come off till they pay. Merchants' Protective Association, scientific collectors of bad debts, Top floor Commercial block, Francis G. Luke, General Manager.

"Some people don't like us."

## STANTON CHOSEN MANAGER AND LUND CAPTAIN OF TRACK TEAM.

The students of the L. D. S. U. held an athletic meeting yesterday morning at which Joe Stanton was elected manager of the track team for the ensuing year and Orrie Lund captain. There was no opposition to either candidate, for Christy, who was the only other man nominated for the captaincy of the track team, withdrew and left Stanton and Lund the only two men in the field.

It was only natural and just that the captaincy should go to Lund, because his general athletic work at the school has been of such a nature as to entitle him to it. For the last two years he has played guard and forward on the star basketball team and has there acquitted himself admirably. His strong point in track athletics was shown yesterday afternoon and last year he did not show up very conspicuously in either of these events because of a badly sprained ankle, from which he suffered during the entire track season.

About twenty-five healthy young athletes showed up yesterday afternoon and signified their intention of joining the extra gymnasium class, which Coach Bean just organized with a view of getting the boys in shape for the coming spring meets.

## BOOKS HIT HARD IN OAKLAND RACES.

SAN FRANCISCO, Feb. 23.—Favorites were in evidence at Oakland today and the majority of the books were hit very hard. Four actual first choices, together with an opening favorite were successful, and the other winner was well placed. The six and a half furlong race, which was a great run through the slush and got up time to beat. Captain Force, a head, Anafias, who led until the last few jumps, was third, only a neck away. Hulford, favorite of the fifth, failed to cut any figure. Red Cross opened a gap on the field and won easily. Pierce J. was claimed out of the first race by F. L. Caughen, owner of Fomora. First Chip was bid up from \$50 to \$200 by Harry Robinson in the last race, but the stable retained him.

## Slow Day at Ascot.

LOS ANGELES, Cal., Feb. 23.—Four favorites and two second choices won at Ascot today. The feature of the card, a free handicap for three-year-olds and up, was won by Namtor, the 5 to 2 favorite, by a nose, with Platonius second and Mezzo third. The second race at one mile resulted in one of the closest finishes of the season. Louisa, El Orient and Blueridge finished heads apart in the order named. Weather perfect; track fast.

## Some Handicap Runners.

NEW YORK, Feb. 23.—The following nominations have been declared for the Suburban handicap, to be run June 16, at Sheepshead Bay: Juniper, 100; River Bend, 125; Stimpert, 160; Aristocracy, 165; Ad Bell, 95; Damon, 97; Otwell, 96, and Ocean Bell, 94.

## Record It.

## BEFORE DIEHL'S BAR.

Bill Butts, who thought by matching coins a stranger's hard-earned cash to win, Peard guilty to the gambling charge. For fifteen days they put him in. "Abas this game?" our William cried. "At which a man must get inside!"

William Desmond, who was arrested while sleeping off a jag in his wagon on Sixth East street, pleaded guilty. "Were you ever up here before?" asked the court. "Was I what?" "Were you ever drunk before?" "I was drunk once before when Mr. Hempel was going to arrest me, but he didn't."

Desmond was going to relate the rest of the affair, but he was interrupted by the laughter in the courtroom, and the court discharged him.

When in from Stockton came Tom Lynch. He muttered, "This here town's a cinch. There's pints of likker goin' to waste. And you, my boy, will have a taste." He tasted one and tasted two. And then last count he was through. A stern policeman heard Tom shout: "He counted ten and called Tom out. Unto the court said Thomas Lynch: 'I got here Judge, just by a pinch. If you will let me out of jail, I'll straightway hit the Stockton trail, and never more will I be seen astraying from home.' His Honor listened to Tom's prayer, and Stockton may expect him there."

A. G. Davis and John Graham, the former a foundryman and the latter a locomotive fireman, walked from Ogden and took refuge in a Rio Grande construction car, where they built a fire in the stove and proceeded to dry their clothing. About this time Depot Policeman Milner hove in sight and took them to the jail on the charge of trespass. They could not deny the fact, and the court imposed a fine of \$5 in each case, but suspended sentence and allowed the two workmen to go on their own recognizance.

Gus Anderson charged with a spree, in his choice accent said "Gullie!" Disguised with our Gus's ways, His Honor gave him thirty days.

J. W. McKay looked old enough to be one of the pioneers—not one of the pioneers who crossed the plains with a handcart, but one who wandered forty years with Moses in the wilderness. Judge Diehl committed him to jail for thirty days and promised to use his efforts to have the old man sent to the poorhouse.

Jim Smith was charged with vagrancy and pleaded not guilty. Officers Lincoln and Williams testified that they had seen him on the streets at all hours of the night. Smith said he had been here since 1893 and admitted that he had not worked for two or three weeks. When asked what he had been doing during that time he replied that he had been running a crap game over the Buffalo saloon. He was

## BELL TELEPHONE IN GOOD SHAPE

Reports at Annual Meeting Show Much Work Done in the Year—Good Financial Condition.

The annual meeting of the officers of the Rocky Mountain Bell Telephone company was held yesterday. The report of President Wallace stated that the business had increased 25 per cent during the past year. The report showed exchange earnings of \$478,822.68, toll earnings of \$24,110.18, miscellaneous earnings of \$99,200.96, and gross earnings of \$548,143.82. The expenses, he stated, were \$488,309.57, showing a net gain of \$120,042.73.

During the year twenty-three new exchanges were established, 230 new toll-line wires strung and 1280 new subscribers added, 208 of whom were in Salt Lake. There are 12,000 subscribers on the system. There are 16,000 miles of toll lines in operation, ninety-six exchanges and 227 toll stations. In making the report President Wallace said, in part:

"I especially call your attention to our long-distance lines, and it is with much pride that I say that in the State of Montana there are but four more places of more than 600 people where we have not exchanges or which are not reached with our long lines. Columbia Falls and Kallispell in Flathead county, Glendive in Dawson county and Havre in Chouteau county. In Idaho there is not a city, town or village of more than 500 people where we have not exchanges or toll-line connection. In Utah there is not a city, town or village of more than 500 people where we have not exchanges or toll-line connection. In Wyoming we have exchanges, and our long lines connect with every city, village and town of over 500 people, excepting Camanche and New Castle, in Western country."

"I believe the people appreciate our efforts and enterprise in building these long lines, and while they may not be very remunerative at present, these several States constitute our territory, and we are bound to do our best to develop and improve it. There is no little to be done that I hope within a short time we can have more than 500 people where we have not exchanges or toll-line connection. Connected with our general system, which has been proven absolutely reliable, we are not pushing on until we can say that every mine, shafthouse, miner's cabin, business house or rancher, as well as every farmer, hotel, professional man, is brought into talking distance with one another by the medium of our exchanges and long lines."

The old board of directors was re-elected with the exception of Charles W. Clark of Montana, who was succeeded by B. F. White of Montana. The directors organized by electing these officers: President, G. W. Wallace, vice-president, G. M. Downey, treasurer, W. S. McCormick; secretary, H. C. Hill; general manager, D. S. Murray; auditor, P. R. Ferguson; assistant treasurer, John Flowers; assistant secretary, D. S. Murray.

Mabel Williams paid a fine of \$5 for intoxication and \$10 for using abusive language to an officer.

Sam Grice was found guilty of stealing some carpenter's tools, but his attorney, Judge Trueman, found a flaw in the complaint and moved for an arrest judgment. The motion will be argued today.

## For Over Fifty Years.

An old and well-tried remedy, Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Sold by druggists in every part of the world. Be sure and ask for Mrs. Winslow's Soothing Syrup.

## AMUSEMENTS.

The Salt Lake Theatre was crowded again last evening, the big audience greatly enjoying "A Chinese Honeymoon." It will be given this afternoon and tonight.

Gus Sun's Minstrels, which have been greatly pleasing Grand Theatre audiences, will give shows this afternoon and this evening.

The large sale at the Salt Lake Theatre indicates that Florence Roberts will open to her usual capacity business tomorrow night with Fitch's "The Frisky Mrs. Johnson."

## Winter Eczema

Winter Eczema, sometimes called Dry Eczema, or Tetter, is one of the severest forms of this most torturing and aggravating of all skin diseases. As cold weather approaches the skin thickens and hardens, cracks and bleeds, and in bad cases crusts and sores form and the parts affected become intensely painful, tender and swollen. The itching, burning and smarting is so terrific at times that the sufferer is made almost desperate, and the nerves are so unstrung that sleep is impossible. Like all other skin-torturing diseases, Winter Eczema is caused by acids circulating in the blood, and while soothing applications are helpful, no lasting benefit can come from external treatment. The disease is in the blood; the entire system is saturated with the poison and the blood aflame with the fiery acids, and only a remedy that enters into the circulation and destroys the poisons will afford lasting relief from the torments of Eczema. S. S. S. has no equal as a blood medicine, and has become the most widely-known and popular blood purifier on the market. If you have Eczema or any skin trouble originating from bad blood, you will find that S. S. S. acts promptly, purifying the blood and building up the general health. Write us; medical advice without charge.
